

SPONSORSHIP, MARKETING & VISIBILITY OPPORTUNITIES

The North Carolina Sustainable Energy Association and our Sponsors & Partners are pleased to present...

BUILDING A RENEWABLE ENERGY INDUSTRY IN THE CHARLOTTE REGION

Wednesday, February 24, 2010

US National Whitewater Center, Charlotte

4:00-6:00 PM: Policy Discussion and Panel Discussion

6:00-8:00 PM: Networking

Featuring heavy hors d'oeuvres & cash bar

NCSEA's next educational and networking event in Charlotte will be held on Wednesday, February 24, 2010 at the US National Whitewater Center from 4-8 pm. Business and energy leaders, government officials and economic development experts will discuss and debate the following question: ***What energy policies would create the most renewable energy jobs and attract the most business opportunities to the 16-county Charlotte region?***

This event will be the first of several planned NCSEA events for 2010. It will provide a status update, an overview of pending energy policy legislation and then focus on the **renewable energy feed-in rate financing mechanism**. NCSEA will explore how the Charlotte Region could create jobs while attracting and growing a renewable energy industry if a well-designed feed-in rate policy is passed.

ACT NOW – BECOME A SPONSOR

NCSEA wants to help you increase the visibility and marketing potential of your business or organization during February 24th event. As a Sponsor, you will reach a core audience of leaders representing all sustainable energy industry sectors and regions of our state. Event sponsorship demonstrates and positions your company or organization's leadership as an expert and partner in shaping the future of North Carolina's Green Energy Economy. Join with NCSEA as we plan for the future!
